CHEROKEE MEDICAL UNIFORMS

Work in Style has been supplying the UK for over 10 years with the Cherokee range. During this time, the brand has become a trusted and recognised symbol of quality uniforms. Cherokee pay special attention to detail and this is the key reason for their success. The colours are vibrant and exciting, the styles are flattering and designed to fit the wearer. Added little features set the Cherokee range apart from its competitors and make it the best uniform you can buy for your staff. There are a wide range of colours available enabling you to co-ordinate a similar colour theme whilst allowing every member of staff to be distinguished in their department but remaining within the corporate image. Quality and excellence is assured within the Cherokee range and the factories are renowned for their high standards of excellence and continuity. Work in Style endeavour to support the Cherokee range within in the UK to ensure we can respond to our customers' demands. We also offer a 'Just in Time' stock programme where we order from the Cherokee central warehouse on a fortnightly basis enabling Work In Style to fast track orders to you, the customer.

pnr group

World class fabric suppliers whose service, quality and cost are definitely something to shout about.

With the demands of the apparel wear industry ever increasing it is good to know there are supply companies here in the UK who can cater to everyone's needs and P&R Fabrics is a company that fits that role completely. Established since 1964 as a family business, P&R is breaking with tradition and on a mission to raise its profile in the market place. P&R merged with one of the largest textile groups, Wrengate, during the seventies before falling back in to family hands again in 2005. Managing director Simon Purcell is keen to take a more adaptable and proactive approach:

'We knew we needed to get out more and have more dialogue with our customer base. The way the industry has changed, and that's a lot in over forty years, we needed to ensure we were providing the exact service that our customers demanded. Being a fabric stockist in the UK is now only part of our service. Other areas we offer have come through working closely with customers to offer a more complete package of service tailored to their own requirements. They may want special shades or designs or direct deliveries globally or help in production through our partnership network. We can offer complete uniform clothing solutions. We have to take their headache away so they can concentrate on their own priorities.'

Over the years, P&R Fabrics, based in Worsley, Manchester, has quietly expanded its expertise in supplying general work wear to become one of the UK's leading suppliers. It has wide range of impressive clients from branded high street chains to several areas within the public procurement sector. The company's resources have been enhanced by the integration of Northenden Textiles and the fashion based Wittrex International. This has broadened their capabilities to supply into workwear, school wear and sportswear, as well as corporate, promotional and outdoor clothing. Further investment has resulted in providing an expert garment making facility with in house garment technologists and Q.C. at source of make.

UNIVERSITY SERVICE

OUR UNIQUE SERVICE

Work in Style offers you our unique measure and issue service. There will be no more waiting for uniform in the hope that it arrives before your placement date. Work in Style will measure your students and issue their uniform on the same day.

This excellent service allows your students to immediately feel part of the nursing profession.

MEET THE FITTING STAFF

Work in Style has an experienced fitting team with a wealth of knowledge in providing a professional measure service.

As experienced fitters we understand that all students need to be measured in a sensitive and professional manner. All of our fitting team are trained to provide an efficient service. A full sizing range is brought to every measure allowing us to measure and issue from a size 6-38 on site. We advise the student on the fit of the garment, allowing room for manual handling. The setting up of the measure room and stock distribution room will be completed by the WIS team on site. The university can sit back safe in the knowledge that each student will receive only the best student experience from Work in Style.

OUR SETUP

Work in Style handle every aspect of the measure process. We collect the student enrolment information and arrange the date, time and place of the measure. Our fitting and distribution team will arrive on site, unload, setup the measure and distribution area ready for your students to arrive.

OUR BENEFITS

Once we are ready and set up every student is professionally measured and issued with uniform to take away with them, that day. The issue on the same day has many benefits including no return visit, no additional rooms for issuing uniforms, no storage, no loading and unloading of large consignments, no staff resources to police the collection of the uniforms.

All of this can be dealt with in one visit. With an average issue rate of 95% anything not issued on the day can simply be delivered by courier.

OUR TEAM

Work in Style has a family feel to it and at the centre of this is our excellent team. To run a university contract takes a team that is experienced and can work together.

Meet the team:-

ACCOUNT MANAGER - Tina Bullet, University Account Manager. Tina has 11 years' experience in this field and will be responsible for managing all aspects of your account. Tina will co-ordinate all the measure and issue days, provide all production dates, deal with contract changes and provide management information. Tina will be part of the fitting team on site and will be available for those out of hours last minute emergencies.

CUSTOMER SERVICES – The Customer Service Team will process orders, handle delivery queries, book couriers and answer general queries.

They have a wealth of experience and have worked with our university customers over 6 years. The team are available from 8.30-4.30 and can deal with the day to day running of your account.

WAREHOUSE TEAM - The Warehouse Team will pick, pack and dispatch all of your university orders, whether in man packs or in bulk, they can tailor the packing to your needs.

FINANCE TEAM - The Finance Team will ensure all invoices are processed correctly and sent out to the nominated university contact, in a consolidated format. Evidence and back up paperwork for all the invoices will be provided, with detailed breakdowns per student, per course and per purchase order number.

EMBROIDERY

We can embroider any garment with the university logo or other lettering, to ensure your students stand out. We will provide a sample of your embroidery requirements and then align these with the uniform of your choice. In addition, we have our own in house embroidery facility which is handy for those last minute late uniforms.

EXCHANGES/RETURNS

We also have a 'no quibble' repair or replace policy. This means that if a garment becomes faulty for any reason (e.g. zip failure, seams, etc) then the garment will be replaced at no charge. If a student changes size then we will swap this for a more suitable size.

"We would welcome the opportunity to meet with you and discuss how we can help with your future student uniform supply. Please contact me to arrange a suitable date and time to meet to discuss your specific requirements."

OUR AWARDS

ISO 90001 is designed to help organizations ensure that they meet the needs of customers and other stakeholders while meeting statutory and regulatory requirements. Our ISO9001 accreditation requires us to report all non conformances and this is open to inspection at regular conformance audits (external) throughout the year.

Work In Style holds one of the world's first auditable social certification standards for decent workplaces, across all industrial sectors SA8000. It is based on the UN Declaration of Human Rights. WIS has adopted policies and procedures that protect the basic human rights of workers.

WIS CONNECT PROGRAM

Ordering made simple.

The WIS Connect programme is a specially written application designed to enable our customers to order garments easily and efficiently online. Our NHS customers are using this system to order individual items (man packs) for members of staff.

www.wisconnect.co.uk

Benefits?

The benefits of the WIS Connect programme are that you are able to delegate the purchasing of additional uniform items to the members of staff and then deal directly with them, handling the financial transaction and delivering the uniforms directly to their home address. This relieves the burden of dealing with uniform issues. The WIS Connect programme also gives a communication window as well. So if for any reason a member of staff has any problems with their uniforms, they can again can contact us directly and we will assist them.

How easy is it to use?

Simple. We can build you a website that allows your members of staff to order extra uniforms as and when they need them. We can set up different website areas for different departments. This is particularly useful if departments are having different logos or styles. This way, members of staff can log into their own site and buy uniform specific to them.

Safety?

The system is password protected. Only members of staff allocated with the departmental details and passwords are allowed onto the site to purchase uniforms. The details come to us via an encrypted service which uses a secure link and that ensures that all private details are safe and cannot be used by anybody but ourselves.

End Pyjama Paralysis

We are getting asked more and more by hospitals to design lounge/mobility wear. We have committed and designed a comfortable alternative so patients can take off their gowns and pyjamas to aid recovery which has been proven to aid recovery.

The scheme, part of a nationwide drive to end "pyjama paralysis", aims to reduce the length of time patients spend in hospital and prevent loss of muscle strength.

It would also free up beds, with earlier discharges allowing earlier admissions for other patients. The average bed occupancy in general and acute hospitals was 94.4 per cent over the winter. Levels over 85 per cent are deemed a risk to patient safety.

If you are interested get in touch as this could also be provided via your laundry supplier.

A programme of regular curtain replacement can be augmented by a policy of immediate change for those areas that have been exposed to high infection risk or for any curtains which have become visibly soiled or contaminated. Government guidelines recommend that disposable curtains are replaced every 4-6 months, but this is dependent on the individual Hospital Trust guidelines.

Disposable Curtains are easy to change, easy to store, and all Curtains are manufactured from 100% recyclable 120 GSM polypropylene. Dependent upon individual hospital guidelines, if not contaminated they can be disposed of as general hospital waste.

Measuring Yourself Tips - Female

Where you need to measure

While very few women actually have 34-26-36 measurements, the three numbers are a good reminder of where you need to measure yourself for clothes. These are the points where a woman's body usually curves in and out the most.

Bust/Chest

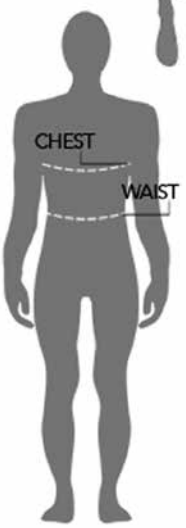
Let your arms hang naturally at your sides. Have someone measure you with the measuring tape parallel to the ground. Have your friend measure under your underarms, around your back and over the fullest part of your bust Make sure the measuring tape is snug but not tight.

Waist

Bend over to one side to find the spot where your waist naturally creases. Measure this spot; it should be right under your navel. Keep the measuring tape parallel to the floor and snug against your skin, but don't pull it tight.

Hip

Stand up straight with your feet together. Have a friend measure over your hips and rear, around the fullest part. Make sure to keep the measuring tape parallel to the floor.



Measuring Yourself Tips - Male

Chest

Stand up straight with your arms hanging straight at your sides. Have someone measure the fullest part of your chest, over your shoulder blades and under your underarms. Keep the measuring tape parallel to the ground.

Waist

Bend over to one side to find the spot where your waist naturally creases. Measure this spot; it should be right under your navel. Keep the measuring tape parallel to the floor and snug against your skin, but don't pull it tight.

Inside Leg

Measure from the top of the inside leg at the crutch to the ankle bone.

Deliveries

Delivery charges of £5.40 are applicable to any order under the value of £100.00 to the UK mainland.

Please contact our customer services department for carriage charges to Eire and other Worldwide destinations.

Despatch of stocked garments is made within 24 hours using our contracted courier, however, items requiring embroidery, labels or alterations will take longer and confirmed lead-times can be obtained via our customer services department on: 0161 477 4438

All orders have an internet tracking facility.

Internet orders are despatched via our courier service as listed above or by Royal Mail.

Returns

You may return stock garments in their original condition within 28 days for an exchange or refund of the cost of the goods but not the cost of the carriage to you. This does not apply to personalised garments, non-stock items and made to order items, as they are non-returnable. The cost of returning items remains your responsibility except where the goods are faulty or incorrectly delivered by Work in Style Limited. Where goods supplied by Work In Style Limited are found to be defective other than as a consequence of reasons for which the client is responsible, these shall be repaired or replaced by Work In Style Limited free of charge for a period of 6 months. Any further liability shall be expressly excluded.

Personalisation of Goods

Work in Style is dedicated to making sure you get exactly what you are looking for and the finishing touch to any garment is the name of your organisation or wording of your choice.

Let us know your exact requirements whether it is an existing logo or you are looking for a complete new design and Work in Style will provide a quotation and sample to make sure that you are happy with your choice.

Call us to discuss your requirements on: 0161 477 4438

Design to Delivery

Work in Style can advise on everything from new legislation to the latest developments in fabric technology which can be turned to your advantage through a consultancy service that starts with a thorough audit of the Trust's needs. We can help choose from a wide range of stylish garments or we can take your brief and design new garments to meet particular working environments or wearer considerations.

We can also arrange wearer trials before you make the final decision. With over 70 year's experience, you can be confident that Work in Style have the expertise and capability to deliver exactly what you need.

Work in Style can also offer you our dedicated on-line ordering portal: www.wisconnect.co.uk which allows us to build specific web sites for your needs.

This web site allows you or the individual the ability to order extra uniforms as and when they need them, this is particularly useful if the Trust provides student uniforms. See page 6 for more details.

It sounds simple...

it is simple and that's why it works...
